We are giving up our ½ day of charters to open it up for them for the opportunity to experience the fun and sport of fishing. Sharing our knowledge of fishing, boat safety, conservation, and navigation. The scope is to that the younger generation will become experienced anglers through our giving of time and knowledge. Expanding this event in is our plan in the coming years. In 2013 we plan on taking 30-35 kids along with chaperones for a ½ day of fishing. We are reaching out through the Chincoteague Elementary School and PTA for participants and chaperones.							
EXPECTED BENEFITS: We hope to bring our future generation of youth to the sport of fishing so they can enjoy the outdoors and have and appreciation of the resources right in their back yard instead of being trapped in front of a the TV, computer or XBOX playing games. We bring to them our expertise of the experience of being on a boat and being able to actually catch fish and so that they can enjoy the time with friends. Also for them to understand the charter business and how we adhere to the rules and regulations we have to abide by in boating, safety, and conservation efforts for each type of fish we catch.
